Williams Lake Water and Sewer District

Re: **Status of Williams Lake Water and Sewer District**

Dear Ms. Love:

The **Williams Lake Water and Sewer District** water system is a regulated public drinking water system that is required to monitor and report to the Idaho Department of Environmental Quality (DEQ). The **Williams Lake Water and Sewer District** is currently in significant compliance with the **Idaho Rules for Public Drinking Water Systems**, and is in good standing with the DEQ. According to our records the water system does not have a history of water quantity or pressure problems and appears to meet all demand and quality requirements.

If you have any questions or comments or we can be of anymore assistance please give me a call at 208-528-2650.

Sincerely,

Carlin Feisthamel, P.E.
Water Quality Engineer
Idaho Falls Regional Office
